

Ali Kiyan

CV

PERSONAL PROFILE

I am an 22-year-old young developer who is able to find solutions through the web and learn new technologies and adapt quickly.

I can work independently but for the time being, I prefer to work within team because I would be able to expand my knowledge even more and gain hands-on experience. On my webpage you can find more information about me :

Skills acquired whilst studying

- Comfortable working with Terminal in Unix and Linux based environment as well as Command Line in windows
- Knowledge of front-end languages HTML5, CSS3 and Javascript
